

What is the duration of a RentSmart plan?

Your choice of either two, three or four years.

What is 'fair market value'?

It's the price you'd expect to pay for your equipment in the market place.

What are the payment methods?

First payment needs to be made by credit card or eftpos, then all future payments are made monthly via direct debit or credit card.

What is the interest rate?

The agreement is for rental of the equipment, not a loan agreement or hire purchase agreement, therefore what you pay is a monthly rental for the equipment, not interest.

Can I update my equipment or add new equipment to my rental plan?

You can. Contact RentSmart direct and we can help you choose your best option.
